Dear Sir:

Although it is too late to receive any material in time to be used for Father's Day I should like to get hold of literature on the origin of the day for future use.

I understand that the Chamber of Commerce as well as a number of other organizations first gave the idea a healthy start.

If there is no literature to be had at the Chamber I would appreciate very much if this letter would be turned over to the proper organization and the request answered.

Thanking you for any assistance given, I remain

Sincerely yours,

FRANK LEVINE
